Custer Gallatin National Forest Plan

I am writing in support of Alternative C. The plan seems to strike a good blend of wilderness, backcountry acres, recreation emphasis areas, protection for big horn sheep & support for bison.

Changes are needed (thus I don't support option A) and options D & E seem to be too extreme.

I think aircraft landing strip areas are necessary.

I appreciate the thoughtfulness and tremendous work that has been done to prepare & present these options.

Thank you.
