Comments:

Thank You for accepting public comments on a wonderful wilderness area,  
I am glad that you are making improvements to protect the Gallatin Range, but I would really like to see the entire 230,000 acre roadless,wild area completely protected, .. no motorized vehicles, smaller groups of people and stock animals(horses/mules), and address the feces pollution problem in all our Wilderness areas!

Global Warming is making enough trouble without hordes of careless visitors added to it.

With Sincere Thanks,

John W. Bova
