Comments:

I support the wilderness recommendations in Alternative D of the Revised Draft Forest Plan. They should also include the 230,000 roadless acres of the Gallatin Range as Recommended Wilderness in the final forest plan. The plan should prohibit all motorized uses in the Recommended Wilderness areas. The Forest Service should limit group sizes to under 12 people and eight head of stock. The Forest Service should also put an end to the ecologically destructive fish stocking in naturally fishless wilderness lakes.
