Comments:

I would like to weigh in on the alternative D map for the Absaroka/Beartooth map and plead with you to not take away mountain biking for Ingles and Line Creek trails. We don't have many challenging trails around this area and we recently lost some trail riding in Billings. There has been a move to implement mountain bike teams in the high schools and these trails could certainly be utilized by all high schools in the area. Anything that promotes the healthy Montana lifestyle is an absolute benefit for everyone! So on that note, please do not implement alternative D. Thank you.
