Comments:

Wilderness is very important to me! Please protect Wilderness Study Area and existing Wilderness Area from motorized and non-motorized (bicycles). Bicycles do not belong in wilderness areas, they damage trails and the terrain. They also move at much higher speeds than humans and horses. "KEEP BICYCLES OUT" I have enjoyed the Crazies and the Beartooth-Absaroka over the years and want them to be available to future generations.

Thank you

William Clausen
