Comments:

To Whom it may concern

Please do not close our riding areas down.

WE take care of these areas, and when they go to wilderness, More people leave trash in the back country, when we go in, we make them better and clean these.

I have seen this happen in different parts of the country and it only goes bad.

I do not reside in MT, but my daughter goes to school in Bozeman. So I frequent the area often. I camp hunt fish and recreate in the back country.

Please take into consideration of the economic impact as well, we make several trips to Montana and we spend a lot of money over a weeks time.

I hope you do not choose to put a black eye on your state.

Thank you

Matthew Crowell
