Grizzly

Dear Friends,

Held a high school reunion in Livingston, MT last summer . Our one friend lives there with his family, Dan Sullivan. He took us to view grizzly feeding at sunset in the mountains nearby. They were incredibly beautiful animals. Having lived in the mountains near Nederland, CO west of Boulder for the last 30 years I've coexisted with Black Bears , Elk , Mountain Lions , Deer , Fox , Bobcat, Golden Eagles , & Moose to name a few . As more folk move in their game trails now have new homes , dogs , children that they must work around . We Mountain folk have a motto : They we're here first . We have to adapt for them . Not the other way around . Preserve wildlife which make our lives so special. Thanks. Thomas R. Fitzgerald
