

Dear Custer Gallatin National Forest:

Although I am a Minnesota resident, I have been a frequent visitor to Montana over the years to ski and enjoy the outdoors. I want to continue to be able to visit Montana for years to come + enjoy the wilderness areas. I particularly care about maintaining the beauty + wild-ness. I support the recommended wilderness managed with no non-conforming uses. By supporting the parks, I will be able to continue to come visit + enjoy the natural beauty. Please take steps to ensure protection of these beautiful areas.
