Comment on Custer Gallatin Forest Plan DEIS

The Forest Service failed to provide a "No Action" Alternative.

The Forest Service failed to provide a "Preferred" Alternative.

Page 89 of the DEIS. Objectives (FW-OBJ-RT) 03. All alternatives (B,C,D,E) propose to close additional miles of roads which further limits access. No alternative was provided for comment which increased access opportunities.

Page 94 of DEIS. Objectives (FW-OBJ-REC) 01. All alternatives (B,C,D,E) propose to "Remove or relocate existing recreation facilities including dispersed sites. The "specialist report" recommended expanding camping and recreation facilities yet No alternative was provided to the public which would have increased these recreation opportunities.

I request the Forest Service provide a "No Action" and a "Preferred" alternative. I request the Forest Service provide alternatives that increase road and trail access. I request the Forest Service provide alternatives that increase recreation and camping facilities.

I have enjoyed visiting Montana in the past. The recreational opportunities remind me of the Great Smokey Mountains of my native Tennessee. I whole heartedly support more access and opportunities to enjoy this incredible resource. Thank you in advance for your time.
