Comments:

As time goes on there is more and more evidence that if we want to retain sensitive to human disturbance, large territory requiring and migratory species like grizzly bears, gray wolves, moose, bighorn sheep, and mountain goats we need to set aside large areas of appropriate habitat to ensure their survival. I am in favor of Alternative D including the Gallatin Range, Lionhead, Crazy Mountain, Bridger Range, Cowboys Heaven, Deer Creeks, Line Creek Plateau, Immigrant Peak, West Fork Rock Creek, Red Lodge Creek, Pryor Mountains, and Tongue River Breaks. If we lose these species we will have lost something valuable and irreplaceable. We need to set aside this land for them now.
