Comments:

I support Alternative D because it offers the best protection for the Gallatin Range and other critical wildlife habitat across the Custer Gallatin National Forest.

Alternative D creates 39 Recommended Wilderness areas totaling over 711,000 acres, including the Gallatin Range, Lionhead, Crazy Mountains, Bridger Range, Cowboys Heaven, Deer Creeks, Line Creek Plateau, Emigrant Peak, West Fork Rock Creek, Red Lodge Creek, Pryor Mountains, and Tongue River Breaks.

I was a visitor to Yellowstone National Park in 2017, and I found Yellowstone to be a unique and spectacular wildlife area. Providing more protected habitat for wildlife, both flora and fauna, is critical these days as the Earth experiences climate change.
