Comments:

I write to comment on the proposed management plan for Custer Gallatin National Forest.

I support those alternatives that will:

> Protect Crazy Mountains wilderness values and manage the area in close consultation with the Crow Nation.

> Protect the roadless areas in the Pryor Mountains as recommended Wilderness, including Lost Water, Big Pryor, Punch Bowl, and Bear Canyon.

> Implement the Gallatin Forest Partnership agreement.

> Maintain the boundaries of the current recommended Wilderness in the Lionhead.

> Protect roadless areas surrounding the Absaroka-Beartooth Wilderness as recommended Wilderness, including Line Creek Plateau, Red Lodge Creek-Hellroaring Plateau, Chico Peak, Emigrant Peak, and Dome Mountain.

> Manage the Tongue River Breaks, King Mountain, and Cook Mountain in the Ashland district as recommended Wilderness.

> Manage recommended Wilderness identical to designated Wilderness, permitting foot and horse travel only, and excluding any mechanized or motorized use.

Please adopt that alternative or alternatives that will accomplish the above-stated objectives for the proposed revision of the management plan for Custer Gallatin.
