Comments:

Alternative D of the Revised Draft Forest Plan MUST INCLUDE the entire 230,000 acres of the Gallatin Range.

-Prohibit motorized and mechanized uses, and any other activities not consistent with wilderness protection, in the Recommended Wilderness areas so as to preserve their wilderness qualities.

- Reduce wilderness management plan to eight head of stock and 12 people.

- Prohibit fish stocking in naturally fishless wilderness lakes.

Thank you for considering these comments and for preserving the wilderness of the US including Custer Gallatin Forest.
