

Dear Cooper-Gallatin National Forest

I have lived in Montana for 7 years and spent
a consecutive summer here year to that. I am
now a registered nurse in Billings. My greatest
place of refuge on days that I don't work
are public trails, where I know I always
have access to some of the earth's most
beautiful places. ~~Keep~~ Some of my greatest
memories are on public lands. Keeping
these places public ~~and~~ is crucial to keeping these
memories alive for me and others who love
Great Treat amirhan@gmail.com GWS 5/24

I may benefit from the following in
the Cooper-Gallatin National Forest
area of this state
