Comments:

Please adopt Alternative D for the Forest Plan to establish and preserve the recommended Wilderness areas for the Gallatin Range, Lionhead, Crazy Mountains, Bridger Range, Cowboys Heaven, Deer Creeks, Line Creek Plateau, Emigrant Peak, West Fork Rock Creek, Red Lodge Creek, Pryor Mountains, and Tongue River Breaks. These are the last best places in the lower forty eight states and some of the last best places on the planet. Current and future generations deserve the opportunity to experience a small taste of what was once an amazing and irreplaceable pristine geography. Thank you for your attention.
