I support Alternative D because preservation in this day and age is absolutely fundamental. We must do everything we can to protect pristine wilderness and save what remains for future generations. We still have much to learn scientifically from undisturbed, intact ecosystems. We do not know what we do not know and if we lose intact ecosystems like the Crazy Mountains, we may be miss No important scientific discoveries that could contribute to homeland security. I strongly support Alternative D so as to promote and defend what wilderness remains in our beautiful country. Wilderness is truly for the benefit of all.

"The idea of wilderness needs no defense. It only needs defenders."
